

Family Day on Monday, August 5th, was a definite hit again this year. We had 48 people that made up 6 teams with 6 bowlers of all ages in each team. The weather was AWESOME; a bit on the warm side but that didn't hinder the fun on the greens. Andy rolled out a brand-new game for everyone to give it a try — it was a big hit! Everyone worked up a good healthy appetite after the games, waiting for the popular feast of BBQ chicken, salads, buns, topped off with strawberry sundaes and cookies for dessert. Yes, there were winners who walked away with prizes in hand.

First prize with 114 points awarded to Team Dan that spanned generations . . . way to go team. Congrats!

Second prize goes to Team Fran . . . the close challengers nipping at the heels of Team Dan -- well played team!

THANK YOU to all the magnificent kitchen staff, all organizers from ticket sales to clean-up, our numerous volunteers, family and friends. A special “shout-out” to Andy for building all the unique games for these fun events and surprising us (twice this year so far) with yet another new fun game to try out. An event like this simply could not be planned, or be successful, without the energy of all the participants and volunteers.
